

Mike & Kristine

Dear friend,

Thank you for giving us the opportunity to introduce ourselves and tell you about our family. We are Mike and Kristine!

We are grateful that you chose life and for considering adoption for your baby.

We know this is a difficult time for you trying to figure out the best option for your baby. We are already parents so we know that words cannot express the love between parents and their children.

We promise to cherish and love your child, providing a safe, fun, happy and faith-filled home!

Certainly we would love to meet you one day, share photos and updates of your baby as he/she grows!

Our Story & Faith

We met at church! Our first official date was at a small cafe in town. We dated for just under a year until we got engaged!

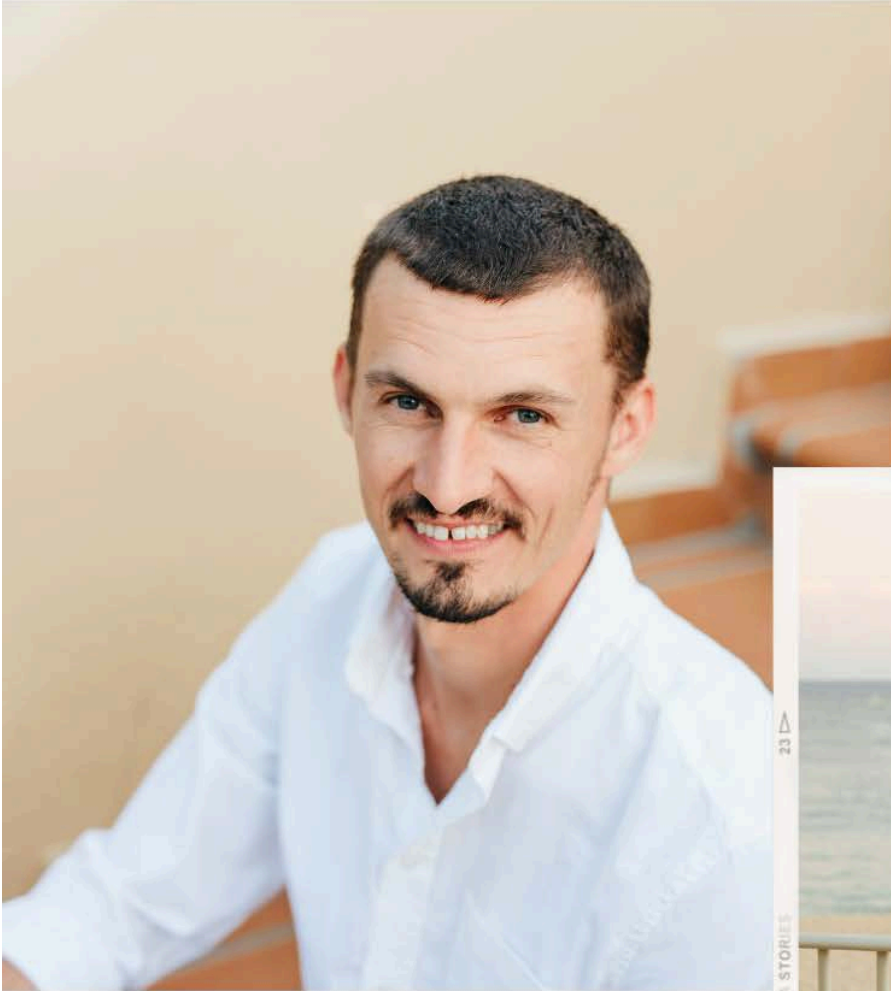

On a very warm, sunny day in September, we exchanged vows in front of our family and friends. We have been married for 10 years, and counting!

We both grew up in a Christian household. We believe in the virgin birth of Jesus Christ, his life here on earth, his death and victory on the cross!

We attend church weekly, bible study groups on Wednesdays and we lead pre-teens group on Tuesdays!

Adventures with Family

WITH FAMILY

We love to adventure with the family, have game nights at home, painting, crafting, spending time outdoors, riding our bikes, camping, serving at church, enjoying our pets, and reading books! Girls are the best big sisters, they care and play well with children! Kai LOVES babies, often giving them hugs and kisses - he will be the best big brother!

WHY ARE WE ADOPTING?

Adoption has always been in our hearts and mind! We felt the calling to adopt and expand our family through adoption, even before we were married. We have so much love to give, and we cannot wait to love another little one!

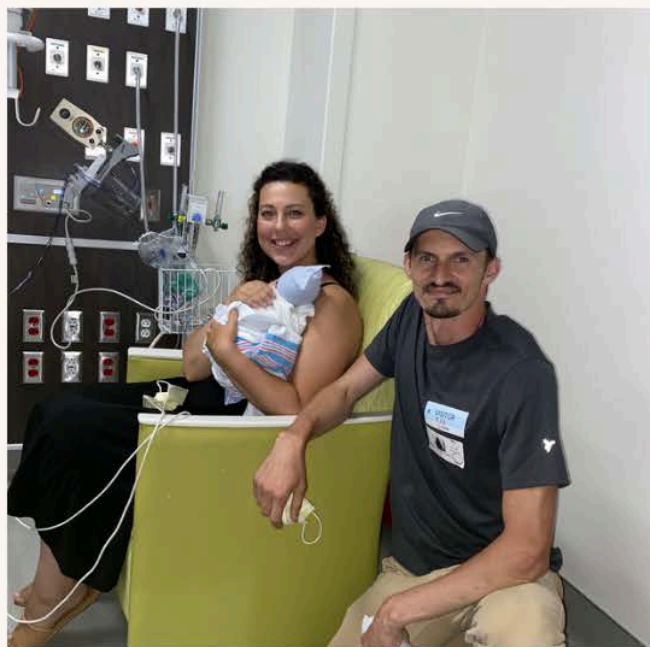

As individuals in Christ, we take it our responsibility to care and love for those around us.

KAI'S ADOPTION

In 2022, we adopted our son and he has brought so much love and joy into our home! We feel very blessed, honored and fortunate to have a healthy semi-open relationship with his birth mom, often chatting via email, occasional zoom calls and even an in person trip planned!

Two years later, we feel the calling to adopt another baby. Nothing would make us happier than to have one (or two?!) more kiddo(s) join our family.

”

Birth mother, you are already a good mother. The time, thought, research, and energy you are putting into this decision makes you a good mother. Worrying about your child's needs and future makes you a good mother. Loving the little life inside of you makes you a good mother.

Our promise

We will love, support and encourage your child in everything he/she will do.

We will honor you in our daily life, making it a priority to update you with photos and updates.
